Rain does not stop Acushnet Fire Open House

Glass shatters and falls to the ground after an Acushnet firefighter breaks the window of a car to remove a trapped driver, played by Fire Chief Thomas Farland, during a demonstration at the Acushnet Fire Department open house on Sunday, 10/29/23. See page 12. *Photo by Beth David*.

First Amendment to the U.S. Constitution

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Judge Murray Gurfein, Pentagon Papers case, June 17, 1971:

"The security of the Nation is not at the ramparts alone. Security also lies in the value of our free institutions. A cantankerous press, an obstinate press, a ubiquitous press must be suffered by those in authority in order to preserve the even greater values of freedom of expression and the right of the people to know."

From The Editor

WEST ISLAND — A day late and many dollars short.

Well, the weekend weather the last few months has been horrendous, yes?

The Halloween Horribles parade was canceled due to rain. We had

Publisher Beth David with Charlie, aka Evil Dog

a lot of that going on all summer. Geesh.

And now, sniff sniff, summer is over. We turn back the clocks this weekend. Yes, BACK, so at least we gain an hour's sleep. But, it will get dark sooooo early. Ah well.

We have lots of good stuff in here this week.

Acushnet had its Fire Department open house (see page 12), even though the rain was off and on all day.

The Haunted Town Hall had hundreds of participants (page 13), and Engine 2 is in service (page 13).

We also have some meeting news. Acushnet will be holding its fall Town Meeting next week. See page 3 for a rundown on the articles they'll face.

And, there's a little more from last week's marathon Fairhaven Select Board meeting on page 4.

There's a couple of other fun things in here, of course. Thumb through to find it all. And while you're doing that, be sure to note who our advertisers are so you can tell them you saw their ads in the *Neighb News*.

Until next week then, see ya

Glory to Ukraine! Glory to the Heroes!

CORRECTIONS/CLARIFICATIONS

In our Fairhaven Select Board story last week, we made mistake in explaining the alledged conflict of interest regarding Peter DeTerra. He is an abutter to the project. We apologize for any confusion our error may have caused.

Acushnet voters facing 18 articles at Special Town Meeting

By Beth David Editor

Acushnet voters will vote on 18 articles at a special Town Meeting next week, including a zoning bylaw that has stirred up a bit of controversy. The meeting will be held on Monday, 11/6,

Article 12 will allow 55+ housing in three districts using the special permit process. It is allowed now in two districts. The change would allow the denser zoning in all except the business village district and the industrial zone. It would also add design standards and other restrictions.

Town Administrator Jamie Kelley said the restrictions include the number of bedrooms and dwelling units per building.

The bylaw does not allow for large apartment complexes, contrary to the scuttlebutt around town.

"It can be either little houses or a building that can have four units in it," said Mr. Kelley, like townhouses.

The size of the developments would also be a maximum of 30 acres.

Mr. Kelley also noted that most of

Acushnet does not have sewer, so any development will need some sort of septic system, either individual ones or some sort of shared septic for the complex. So that will naturally affect the density of any project.

The use of the Special Permit process allows for further regulation,

The change would be for 55+ developments, which lessens the impact on the school system.

and requires advertised public hearings, and the input of multiple town boards, so residents will have a chance to influence proposed projects.

The change would be for 55+ developments, which lessens the impact on the school system.

The current bylaw allows for multi-

family housing for the elderly with no land use regulations, no design standards, lot size specifications, or occupancy restrictions. The changes would add all those regulations and more. The developments regulated in the bylaw are not public housing.

Article 13 would amend the sewer assessment bylaw. The current bylaw is confusing about how fees are assessed. The changes would clarify the fees to be fair to all property owners, developers, and the town.

A 2/3 vote is required for all bylaw changes.

Town Meeting will also be asked for an additional \$75,000 in Community Preservation Act Funds for the Lake Street project. The funds will be used to harvest the weeds from the pond.

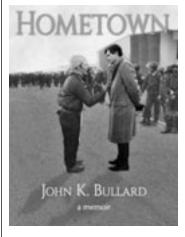

Mr. Kelley said the improvements already finished include paving the parking lot, lighting, trail work and more to the recreation area. The original plan had been to use chemicals to control the weeks, but that process will do serious harm to the cranberry growers and wildlife,

Meet the Author: John Bullard Hometown

In this deeply moving and thoughtful memoir, John K. Bullard weaves a tale of a family legacy intertwined with the pitfalls and promise of New Bedford, a storied seaport whose past and future can be found in every small American city struggling to survive and thrive.

Bullard explores the meaning of public service, greater good, personal responsibility, and the ties that bind people to their

hometowns. *Hometown* is about what sends you into the world to seek your fortunes and what draws you home to complete your life.

Fairhaven Select Board holds off on Rasputin vote

By Beth David Editor

At its meeting on 10/23/23, the Fairhaven Select Board discussed possible penalties to levy against Rasputin's Tavern after ascertaining that the bar had violated laws and/or regulations on six separate occasions from December of 2021 and as recently as June of this year.

The violations included serving alcohol after hours, serving an intoxicated person, disturbance of the peace. Not all the votes were unanimous.

The board unanimously voted "no" to an allegation of sales to an underage person. Rasputin's had claimed at an earlier meeting that the person was not drinking, that she worked for the bar.

The board then discussed possible penalties for the bar. Each violation could result in a suspension of the bar's license for two to 11 days.

SB member Bob Espindola said he wanted to learn more about the security plan, which clearly failed. He said he wanted to discuss possible amendments to the plan before issuing a penalty.

Several issues came to light at the 9/20 meeting when the alleged violations were discussed and the bar put on a defense. There was a problem getting surveillance camera footage; the ID scanner was not working; and there was no log to show how many security people were working at each shift.

Mr. Espindola said that if the security plan had been in place it would have prevented the violations.

Town Counsel Christopher Petrini discussed with the board the possibility of giving the bar some time to comply, then returning to the board for the penalty phase. If they are not in compliance at that point, then further penalties could be assessed.

Ms. Espindola suggested the board vote on a penalty and possibly defer

it or be more lenient if the security plan is put in place quickly.

He made a motion for the minimum number of days, a total of 12, for the bar's license to be suspended, with the stipulation that the security plan be updated and that the police department would be notified whenever the ID scanner or security camera is not functioning.

Mr. Espindola said he felt that a 12 day suspension was "significant."

"I don't think 12 days is significant at all," said SB chair Leon Correy, adding that one of the incidents

Town Counsel Christopher
Petrini discussed with the
board the possibility of

to the board for the
penalty phase.

included an assault on a police officer

"I'd like to hear an alternative then," said Mr. Espindola.

SB member Keith Silvia said he had a problem with the low number.

"I'm going for 56," he said.

SB member Stasia Powers said she there needed to be an incentive for the bar to make the changes.

"I would like to see some sort of carrot along with the stick," she said.

The incentive is being in business, said Mr. Correy. The incentive is just following the rules not to get a penalty.

SB member Charles Murphy said he would like to see the security plan in place before he vote on any amount of days.

After a bit more back and forth, the board voted to hold off on issuing the penalties until the next meeting on 11/6. Before then, representatives from the bar will meet with Town Counsel to work on the security plan.

"We are open to working with the town to make sure we are more compliant," said Rasputin's attorney, Tyler Henseler.

At the next meeting, the board will vote on the security plan and the penalty.

In another matter, Ms. Ellison updated the board on the families staying at the Seaport Inn as part of the state's emergency shelter program.

She told the board there were 20 families at the inn. They are receiving assistance, she said, for a variety of services, including getting any children into school.

The community has responded positively, said Ms. Ellison with donations. They still need winter clothing, boots, shoes, socks.

"It's been a team effort," said Ms. Ellison.

"Kudos to all the staff members," she said who helped make it less impactful for the community and the families. It is traumatic for the families, she said.

Not all the families are recent migrants, she said. Some have been in the state for six or seven years. They have been in a variety of shelters. She said rumors have been that they are undocumented or "illegal aliens."

She said that would be ET.

"They're human beings," said Ms. Ellison. "And Fairhaven has been positive in responding to their needs."

Ms. Ellison also announced that Mike Jenney will be the new Veterans Services Officer, as Brad Fish is retiring.

Mr. Jenney is an Air Force veteran and the Commander of the Acushnet American Legion.

Help the families at the inn

The South Coast Welcome Corps is coordinating help for the families at the Seaport Inn, including donations of necessities, rides to appointments, etc. Right now, winter clothing is the

biggest need.

Book Study Collaborative

You are Invited to a Book Study Collaborative: *Inhabiting Interdependence, being in the next economy.*

In this insightful book, John Bloom, author of *The Genius of Money*, explores approaches toward transforming the conventional habits of mind and practice that have led to today's imbalance in our economic life and in society as a whole.

Acknowledging that money has permeated almost every aspect of daily life—including our relationships to nature and to one another—Bloom asks: How and why did we arrive at our current forms of social practice, including organizational life and governance?

From this inquiry arises a major reconsideration of personal and cultural conditioning and our economic selves, as well as our systems of exchange, in order to understand how we can be in the next economy in a way that supports and celebrates our human capacities.

John Bloom offers an argument for returning natural resources, work, and forms of capital to their origins as gifts rather than as commodities. By adopting such a framework, we can find a deeper meaning and purpose for stewarding these economic gifts on behalf of a more livable and interdependent future.

Location will be at the Millicent Library in the auditorium located at the Walnut St. Entrance. Begin Date is November 15th, 2023, at 6:30 pm-End date to be decided by the attendees.

Compost Pumpkins

Compost and smash, not trash pumpkins.

The Fairhaven Sustainability Committee is pleased to announce that this year community members can compost their pumpkins instead of throwing them in the trash. Starting on Saturday, November 4th residents can bring their pumpkins to one of the three community gardens for composting. The three gardens are at Wood, East and Hastings Middle School. Each garden will have a marked location for composting the pumpkins. Composting pumpkins not only helps reducing waste from the trash but also will create garden compost for our gardens next year.

If people are not able to bring their pumpkins to the community gardens, find a small spot in your yard and smash the pumpkin, next spring you may see a new plant growing in that spot, a complete pumpkin circle.

Please remove any candles or lights and do not include any pumpkins with glitter or paint. For any questions please contact Ann Richard at ann.richard@gmail.com

Craft Fair

West Island Improvement Association is having a craft fair on Sun 11/5, at the WIIA Community House 41 Causeway Rd, West Island from 12pm to 5pm. Contact: Lisa Esten, westisland2019@gmail.com if you have any questions, or would like to be a vendor.

Proudly supported by Veterans of Foreign Affairs Post 2892, Fairhaven Lions Club, Veterans Service Office.

Al veterans are invited to march. If you are unable to march, you may ride in the Council on Aging van. Be at the COA/Senior Center, 229 Huttleston Ave. (near Stop & Shop), by 9 a.m., or call 508-979-4029.

For further information, contact Mike or Jane at 508-658-3719 or 508-202-4603.

Tour Guides Needed

If you are confident speaking to groups in public, are able to communicate clearly, and are interested in local history, you might be just who the Fairhaven Office of Tourism is looking for. Tourism Director Chris Richard is looking for a few good people who could serve as volunteer guides or presenters for some of the walking tours and historical programs that his office provides to the public from spring through the fall. Don't worry about whether or not you know about Fairhaven history. That can be learned quite easily. More important is the ability to capture the attention of the audience and give them a fun and informative experience.

The Office of Tourism provides regularly scheduled public tours from late spring to early fall. Custom tours are also arranged throughout the year for groups including school classes, clubs, assisted living groups, scout troops and other organizations.

If you would be interested in becoming a volunteer tour guide for the Fairhaven Office of Tourism, you may email Chris Richard at fairhaventours@fairhaven-ma.gov or call him at 508-979-4085.

Science Cafe

Please join us for a New Bedford Science Café, Tues., 11/7, from 6–8 p.m., The Last Round Bar & Grille, 908 Purchase St., New Bedford. Open to everyone. Free, save for the beer!

Our guest, Kate O'Connor-Giles, the Provost Associate Professor of Brain Science at Brown University, will discuss "Designer Fruit Flies: Using CRISPR to Study Brain Development and Genetic Brain Disorders."

Ten years ago, the adaptation of CRISPR (a genome editing system that occurs naturally in bacteria to kill invading viruses) took the world by storm by giving researchers a simple tool for gene editing and exploring genomes. We're extremely fortunate to have Kate as our guest, given that she and her collaborators were the first to develop CRISPR approaches for gene editing in fruit flies, a popular organism for biological research. She'll tell us about her lab's work to identify genes involved in neurodevelopment and how CRISPR has changed what is possible in the lab. She'll also answer our questions about where CRISPR came from and how it works, and outlooks for the future of gene editing.

Veteran of Year celebration is 11/8

The Board of Directors of the Southeastern Massachusetts Veterans Housing Program, Inc., known as the Veterans Transition House (VTH), is pleased to announce the selection of William "Bill" Comeau as the 2023 Southeastern Mass. Veteran of the Year. Mr. Comeau is the 28th recipient of this award.

Bill served in the United States Army during the Vietnam War. Bill was drafted at age 19 in 1965 and shipped out to Vietnam in 1966. Serving in Vietnam until 1967, the Battle of Suoi Tre is the keynote battle of Bill's military career. Bill and his fellow soldiers faced 2,800 members of the Viet Cong in the Vietnam jungle during the Battle of Suoi Tre. Bill and his battalion arrived at the battle just in time to save the defenders. As artillerymen fired smoke rounds at the enemy in a commendable effort after running out of their explosives, Bill's unit came to their aid. 56 veterans earned Purple Hearts as a result of the Battle of Suoi Tre. and Bill's unit was one of three to receive the Presidential Unit Citation for their heroic actions that day.

When Bill left Vietnam, he doubted the achievements of his unit, and doubted they accomplished anything. However, after many years of research driven by his powerful passion for history, Bill learned that his company not only wrote commendable history but triumphed

accomplishment admired to this day by those who also served in his unit. Among their accomplishments, Bill's unit produced the first Medic to be awarded the Medal of Honor in the Vietnam War.

Upon returning home, Bill sought out camaraderie in his local branches of the Veterans of Foreign Wars (VFW) and the Disabled American Veterans (DAV), and he is still a member of both today. He pursued a career at a local book manufacturer, settled down with his family, and in 2000, Bill embarked on a once-in-a-lifetime journey. Bill dedicated his time to locating the men he served with in Vietnam and formed Alpha Associaan organization created specifically for A Company, 2nd Battalion, 12th Infantry of the 4th Infantry Division veterans. The organization grew to over 200 members, and Bill took special pride in providing a space for his comrades to share stories and memories from their service together. Since the year 2000, Bill served as President, Historian, Locator, Newsletter Publisher, and annual Reunion Organizer for Alpha Association. At its height, the Alpha Association located and signed up 240 veterans of his unit from their earlier tour in Vietnam. number included members of those veterans who were killed while serving in his company during that period.

A military historian in his own right, Bill pioneered research into the histories of local veterans in the New Bedford area and championed for the rededications of multiple VFW Chapters. Additionally, Bill published "Duel with the Dragon at the Battle of Suoi Tre" in 2022 which is the first complete account of the events that transpired during the Battle of Suoi Tre March 21, 1967, which otherwise would never have come to the attention of the public.

Bill has been honored with the following awards and recognitions: the Combat Infantry Badge, Vietnam Campaign Medal, Vietnam Service Medal. National Defense Medal. and the Unit Republic of Vietnam Gallantry Cross with Oak Leaf. Later in life he was also awarded the Order of St. Maurice Legionnaire Medal by the National Infantry Association for his dedication and promotion of the United States Infantry. Finally, Bill was designated the last Regional Franco-American Society Veteran of the Year in 2017.

Bill will receive the Southeastern Massachusetts Veteran of the Year Award at a celebratory event held at Rachel's Lakeside, 950 State Rd, Dartmouth, MA 02747, on Wednesday, November 8, 2023, at 5:00 P.M. Recipe of the Week

Amish Breakfast Casserole

This dish hails from Amish country and is hearty enough to keep you fueled for the rest of the day. Three kinds of cheese make this the most satisfying breakfast you could ask for.

1 pound bacon, diced

1 medium sweet onion, chopped

6 large eggs, lightly beaten

4 cups frozen shredded hash

brown potatoes, thawed 2 cups cheddar cheese, shredded 1 1/2 cups cottage cheese

1 1/4 c Świss cheese, shredded

Preheat oven to 350°. Grease a 9x13-inch baking dish.

In a large skillet, cook the bacon and onion until the bacon is crisp.

In a large bowl, combine the eggs, hash browns, cheddar cheese, cottage cheese, and Swiss cheese. Stir in the bacon and onion mixture.

Pour the mixture into the baking dish.

Bake, uncovered, until a knife inserted into the center comes out clean, about 35-40 minutes.

Remove the casserole from the oven and let it cool for 10 minutes.

Dear Frankie

Scared

Dear Frankie, My mom and I live alone. She has been sick for a couple of months and had to go to hospital three times in the middle of the night in an ambulance.

Before the ambulance arrived,

she would try to reach a friend and ask if they would come and get me. But she wasn't always successful.

One time, a neighbor saw the ambulance and took me to her house; another time, I was left alone all night; the third time, a friend answered the phone and immediately came over.

But I never know where I will be staying or for how long. Worse yet, what will happen to me if she is too sick to return from the hospital and I never see her again? Besides having a broken heart, where will I go?

Rags

Dear Rags,

I suspect your mother has a plan

if she becomes too ill to care for you. She seems like a very responsible person. In the middle of a medical crisis, what is the first thing she thinks about after calling the ambulance? Finding someone to take care of you.

You need to stop fretting and share your concerns with her. If she hasn't made any arrangements for your future care, this would be the time for you to state what you would like to happen. Part of your conversation should also be about your mom's

Maybe this is just a tough medical time for her; months from now, she will return to her old self. You won't know until vou ask.

Best, Frankie

Old Norway Maple just had to come down

By Beth David **Editor**

Warden Don Fairhaven Tree Collasius said the town had to remove a 34 inch Norway Maple at 93 Fort Street that was dying.

Mr. Collasius said the crown had more than 50% dieback, a term that refers to the gradual deterioration of tree health. The tree was also dropping limbs and "flowering growth," aka mushrooms growing on the roots indicating below ground decay.

He said they tried pruning the deadwood out of the tree twice in the last two year to save it.

Acushnet Fire Dept. holds open house despite the rain

By Beth David Editor

A little bit of rain did not stop the Acushnet Fire Department from holding its annual open house on Sunday, 10/29/23. Some of the activities moved inside the fire station, but the demonstrations still took place outside. Firefighters set up a few canopies so spectators could watch the car extraction, but Mother Nature also cooperated by sending a dry spell during the demonstration.

Dozens of people milled around the station, checked out the equipment on display in the parking lot, got treated to hamburgers and hot dogs, free drinks, and other activities for kids. The equipment included a portable water tank for use where there are no hydrants close by. The tank is filled by the tanker and used by the pump truck, with the tankers on a constant loop run to the nearest hydrant to keep the tank filled.

Acushnet Scout Pack 51 showed kids how to make a bird feeder by smearing peanut butter on an ice cream cone and then rolling it in bird seed.

Young Stephen, whose father is a firefighter, watched the car extraction, not for the first time. He said the part when the glass shatters is his favorite part.

Youngsters also had a chance to operate the fire hose, with young

Bryce Silva giving it a thumbs up.

"It was super cool, and kind of hard," said Grayson Gildae.

He said he was able to aim at the cones, but it was a "little bit challenging" to hit them the way he wanted to.

Brody, who wants to be a firefighter, had a smile on his face as he operated the hose for the first time, and it was definitely fun, he said.

"Yeah, fun," said Bentley with great expression, who also operated the hose for the first time.

"We had a decent turnout in spite of the weather," said Chief Thomas Farland, who played the victim during the car crash demo, letting his guys haul him away on a gurney.

Haunted Town Hall has something for everyone

Fairhaven TV's 6th annual Haunted Halloween Party on 10/26/23, treated everyone to a free, safe and fun environment to trick-or treat. The event had something or everyone, including freaky photo booth, costume contest, Halloween movies, ghoulish games, community tables, and more, with more than 500 children, most in costume, enjoying the evening's festivities. Fairhaven's Fire Engine 2 is in service

Press Release

The Fairhaven Fire Department announces our new Engine 2 has been delivered and officially placed into service. This new Engine will replace a 1983 Open Cab Ford 8000 Ranger.

Our department's apparatus working group, led by Lt. Josh Benoit, designed this American-made 2023 E-One Typhoon top-mount pumper. The apparatus has been custom-designed for the Town of Fairhaven to handle the many hazards we respond to daily.

The new Engine 2 is in the process of being certified as a Class V Ambulance. This certification will enable the crew to provide advanced life support to our citizens while awaiting a mutual-aid ambulance. In addition to fire suppression and

Advanced Life Support services, Engine 2 is equipped for hazardous materials, oil spills, technical rescue, and natural disaster responses.

The total cost of Engine 2 is

\$632,000.00. The Fairhaven Fire Department applied for and was awarded a FEMA Assistance to Firefighters Grant (AFG). This grant, funded by the Department of Homeland Security, covered 94% of the vehicle costs, relieving local taxpayers of the burden. We also would like to thank Congressman Bill Keating, who continues to fight annually for the FEMA/AFG grant and the needs of the fire service.

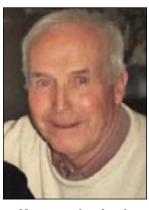

The Fairhaven Fire Department would like to thank Greenwood Emergency Vehicles out of North Attleboro, E-One Emergency Vehicles, the Town of Fairhaven administrators, the Finance Committee, and Town Meeting Members for their support during this endeavor.

TOP & ABOVE: Fairhaven Fire Department's Engine 2, a custom-designed 2023 E-One Typhoon top-mount pumper, is officially in service as of October, 2023, replacing a 1983 Ford 8000 Ranger. *Photos courtesy of the Fairhaven Fire Department.*

Obituary

Leonard F. Tchorz

Leonard Tchorz. 95. of Fairhaven died peacefully on October 20, 2023 at St. Luke's Hospital with family by his side.

He was the husband of the late Diane M. (Heise) Tchorz.

Born and raised in New Bedford, he lived in Fairhaven most of his adult life.

He was formerly employed as a commercial fisherman on several vessels in the New Bedford fleet and retired from the Steamship Authority.

Mr. Tchorz enjoyed recreational yardwork, cooking fishing, camping.

He served in the U.S. Navy during World War II.

Survivors include his 4 sons, Steven "Skip" Tchorz and his wife Becky of Selmer, TN, John Tchorz and his wife Kimberly of Carlsbad, CA, Tom Tchorz and his wife Pamela of New Bedford and David Tchorz and his partner Kati Alley of Oak Bluffs; 2 daughters, Shelley Molnar of Warren, NJ and Susan Tchorz of Fairhaven; 2

sisters, Anne Barboza and Kathleen Castello, both of Florida; 9 grandchildren, Haylie, Brett, Kayla, Jared, Kristen, Andrew, Matthew, Steven, Jr. and Greg; 5 great-grandchildren, Katherine, Bonnie, Spencer, Sasha and Steven III and several nieces and nephews.

He was the father of the late Sandra King, the brother of the late Michael Almeida and Francis Almeida, greatgrandfather of the late Aleksandr Pfersich and the father-in-law of the late Michael Molnar.

His visiting hours will be held on Friday, November 10th from 4-7 PM in Saunders-Dwyer Home for Funerals, 495 Park St., New Bedford.

ACUSH: cont'd from page 3

so the town decided to use another method.

Article 4 asks Town Meeting to rescind the vote from the 5/22/23annual TM that authorized borrowing \$610,000 for an Advanced Life Support (ALS) ambulance. The town needed to show it had the funds to be able to order the ambulance. The plan all along had been to use free cash if possible. There is adequate free cash available, so the town will use that instead of borrowing.

Other capital expenses that will use free cash include \$63,000 for a new Dodge Durango or Chevrolet Tahoe for the Fire Chief; \$41,128 to close out the leases on two Chevrolet Bolts.

The town will also ask for \$15,721 for a Chrysler Voyager for the Council on Aging, purchased through the Mass. Department of Transportation Community Transit Grant Program. The town's share is 20% of the total.

Article 6 asks for \$92,000 from free cash and the ambulance fund for two Cardiac Monitors (AEDs) for the ambulances. The units also act as defibrillators, and will replace the current monitors which have reached the end of their useful life of 10 years.

Article 14 will authorize the Selectboard to sell the Russell Memorial Library building using the RFP (Request for Proposals) process. Using the RFP process will allow the board to impose any number of restrictions on the building, including historical restrictions, use restrictions, etc. The RFP process requires public evaluation of proposals.

Article 15 will authorize Selectboard to sell or authorize reuse of town parcels under 20,000 square feet using the RFP process.

Town Meeting will also be asked to transfer \$100,000 from free cash to Capital Stabilization Fund; \$200,000 to the OPEB trust account (for retirees benefits):

The Golf Committee is asking for a transfer of \$125,000 for various capital repair and replacement projects at the Golf Course, including irrigation system repairs; cart path repairs; equipment replacement.

Article 11 asks Town Meeting to change the Special Permit time limit back to two years. During the pandemic the state increased the limit to three years. The change also allows flexibility in granting extensions. The change will prohibit some projects from being "on the shelf" for too long.

Town Meeting will also be asked to approve changes to the collective bargaining agreements for three unions.

The TM warrant is available on the town's website at https://www. acushnet.ma.us/home/news/specialfall-town-meeting-warrant-11623

Freedom: Fight and Pray for It or Lose It

Words fail to describe the brutality unleashed on the Jewish nation. Some of the graphic pictures can only portray just come of the horror where little children and women were targeted, raped and killed.

This should serve as a wakeup call to us Americans. To the danger and threat of this radical set of jihadists who call for the destruction of Israel and the killing of Americans. They are funded by Iranian extremists whose goals is to eradicate Israel and kill Americans. The America equal to thi is 911 when 3000 died. This, however, pales when compared to 911 and on an equal basis, 35,000 Americans would have died.

There are striking differences in

From our readers

the methods used. The 911 attack required only a small group of radical fanatics. In contrast, this operation was planned and funded on a vastly larger scale. They had the funds and capability that was provided by Iran. Think about thousands of rockets being launched, police stations being overrun.

This shows the fanatical intent and the determination of these jihadists whose goal is to kill the infidels. This fanatical notion was instilled by a lifetime of indoctrination where Jews and Americans were portraved as the enemy and their mission in life was to kill them.

Sadly, we see this happening on a similar basis in many of our schools and universities where America is being portrayed as a repressive

society. We are not perfect. Our treatment of the Indians was shameful and we had slavery. This can't be denied, however mindful of this no nation has our form of government where the rights of the individual are protected as enshrined n our constitution and bill of rights. We have this only because of the men and women who fought and died to protect them.

I believe unless we Americans wake up and take action it will happen here. In many respects Israel is our front line of defense. Much of Iran's attention and military hardware has been diverted to Hamas instead of us. They also supply many of the rockets to Russia which uses them against Ukraine.

LETTER: cont'd from previous page

In large measure the Biden administration is responsible for this attack. His foreign policy has been weak and feckless. Starting with Afghanistan, the worst debacle in American history, this set in motion a chain of events that led up to the invasion of Ukraine, the aggression of Russia, and China the buildup of Iran. If we don't action soon they will have the atom bomb and the missiles to deliver them.

When president Trump was in office it was American first. He clearly understood that peace was never achieved through appeasement and concession, only when you enemy fears and respects you. He destroyed ISIS which killed thousands and repressed many in the middle east and was a great threat to us. Confronted Kim Jong Un of North Korea. He told him had a bigger

button and he put two aircraft carriers off his coast. He backed down. Most importantly, he crippled Iran's economy thereby crippling their development of the atomic bomb. Stopped most of their funding of terrorist operations. He rebuilt our military, America was respected and feared.

Do I need to go on? Iran is awash in funds and Biden has done nothing to enforce the restrictions on Iran to sell its oil. Thereby they have the funds to support their terrorist operations.

Biden made some speeches supporting Israel. I heard no real passion or resolve in them. Tony Blinken, Secretary of State, was asked about the six billion dollars that was released to Iran. he wavered on it saying it was their money. If this is an indication of what their policy is, we are in deep trouble.

Fairhaven ACO rescues raccoon caught in trap

By Beth David Editor

Most people know that some types of animal traps are not allowed in Massachusetts. But even those that are allowed can have unintended consequences.

Last week, a raccoon got a rat trap stuck on its paw and had to be rescued by Fairhaven Animal Control Officer Terry Cripps.

"I never would have thought that I would be in a bucket truck 30 feet in the air when I started the shift this morning," wrote Mr. Cripps on Facebook last Tuesday, 10/24/23.

He said a local tree service discovered the raccoon in a tree with the

trap on its front paw.

"I was able to secure him on a pole and remove the trap from his paw," wrote Mr. Cripps. "He was released back into the wild. He didn't say thank you but I'm sure he appreciated it."

Visit https://www.mass.gov/infodetails/trapping-information for information on traps.
